

What is CaHSLa?

The Cincinnati Area Health Sciences Libraries Association is a local organization of libraries and professionals with the following objectives:

- To provide professional interchange among members
- To promote cooperation and shared services among members
- To provide educational opportunities for members
- To encourage joint action on mutual concerns
- To promote better services to the clientele of the member libraries
- To promote wider knowledge and understanding of the roles of health sciences

libraries Why should you join CaHSLa?

- To meet others in your field
- To exchange information with your colleagues
- To participate in local educational programs appropriate to your needs and budget
- To help build a strong and effective local health sciences library association
- To provide better service to your patrons by increasing your resource base
